

AMERICAN ACADEMY OF PSYCHOTHERAPISTS
Invite you to our
2008 Institute and Conference Salons

Our salons are a rich opportunity for professions to come together in a unique "AAP atmosphere" for discussion that is stimulating and often provocative. With mind and heart, we distinctively integrate our personal and professional experience in process. Our informal gatherings will be held in cities across the country. Please contact the person listed below for more information and to sign up. They are open to all members, other therapists and graduate students.
