

The Journey of the Psychotherapist – An Introduction to the **American Academy of Psychotherapists**

The Academy, founded in 1954, has as its mission “to invigorate and support the psychotherapist’s quest for excellence and growth through authentic interpersonal engagement.”

We invite you to join us for our annual Salon in the Triangle area. Around the country we use these “salons” to provide a taste of how AAP approaches that mission. We will come together on the afternoon of Sunday, September 17th as psychotherapists who share the quest for ongoing growth. Using a variety of group experiences we hope to set the stage for meaningful interaction that will enhance our own journeys while providing some flavor of the experience available at our regional and national meetings.

For details and to be added to our Evite list, please write to Catherine Clemmer at catherineclemmer@yahoo.com
