

Local therapists, American Academy of Psychotherapists (AAP) members and graduate students are invited to participate in the second ever salon offered by the Music City Chapter of AAP [on September 13th, 2019](#). This event will be held at the offices of Nashville Psych and hosted by Daniel Goldstein and Renee Burwell. Food and beverages will be served [from 5:00 pm - 6:00 pm](#). Process groups will begin [at 6:00 pm](#) and last [until 8:30 pm](#). A Q & A session about the Academy will take place [until 9:00 pm](#).

The theme of this event, The Ghost in You, is modeled after AAP's upcoming national conference, which will take place in October. Loss is vital to the human experience. There is no attachment without the risk and inevitability of loss. Mourning can be a vehicle for, or an obstacle to, growth. At this salon, we will examine conscious and unconscious factors that influence how we, as therapists and individuals, metabolize grief. Particular attention will be paid to the potential for growth inherent in addressing what could otherwise be a scary topic.

The cost of this event will be \$10 per person. Please RSVP to dan@nashvillepsych.com by [September 1st](#).
